

**Sentinel**  
Global Hospitality Opportunities

*What is Sentinel? A cluster network enabling SMEs going international, integrating themselves in a global value chain, towards emerging markets in the Hospitality Industry.*

## Survey

Which competences would you like to improve to go international?

The Sentinel project launched a survey to understand competences and resources required to operate successfully in international markets. Your answers will help us to identify a training plan to provide all the skills and knowledge to successfully enter markets selected by the project

Participate

## Are you an European SME?

Are you an European SME from a ICT, furniture and furnishings, energy efficiency or water management cluster?

Discover business opportunities in emerging markets for the Hospitality industry outside Europe!

## News and events

### Mexico: mission in Guadalajara

From 13th and 16th of February, an exploratory visit took place in Guadalajara, in the context of the fair Expo Mueble Internacional. Toni Zaragoza, project manager at Cenfim, took part to a structured business program, to meet in person potential partners and local market experts, such as hotel associations, hotel groups, architects and interior...
