

CORPORATE MEETING

Smart Building & Hospitality

8TH MAY 2019

EEN - EUROPEAN NETWORKING EVENT

WEDNESDAY 8TH MAY, FROM 15.00 TO 19.00

Copernico Torino Garibaldi, New Conference Hall – Corso Valdocco 2, Turin (Italy)

Hotels and accommodation facilities, restaurants, travel agencies, tourist offices are increasingly called to revolutionize their offer with **innovative technology solutions**. From the management of high-efficiency facilities that use electricity, heat and water in a sustainable way, to ICT systems to make buildings smart and safe, to digital solutions that enrich and facilitate the travel and accommodation experience.

Sixteen European tech-based companies will pitch their technology solutions to attract potential partners. This international matchmaking event will enable to speak to potential cooperation and

business partners in an outcome oriented and above all time efficient manner. **B2B meetings** (each 15 minutes) will be arranged according to the participants requests during the pitch time.

The meeting will open presenting the **COSME SENTINEL project outcomes**. The four clusters in the project – CENFIM and CWP from Spain, Cleantech-Cluster from Austria, and Torino Wireless from Italy – will launch the strategy for a long-term partnership to enable EU SMEs to approach emerging markets where the hospitality sector has a huge growth and therefore in finding **market opportunities outside Europe**.

MEET NEW PARTNERS WITH INNOVATIVE TECHNOLOGY SOLUTIONS FOR HOSPITALITY

WHY SHOULD YOU PARTICIPATE?

Share your ideas, problems, perspectives with interesting companies/organisations

- Exchange experiences with smart solutions players
- Extend your network
- Find cooperation / business partners
- Create new, innovative business models

SPECIAL TOPICS

Any theme related to smart buildings, tourism and hospitality can be addressed and are most welcome: ICT – Energy Efficiency – Architecture and Building, Interiors Furnishings and Equipment – Water Management.

We will focus on:

- Solutions for **smart and safe buildings**:
 - Building Management (integration and security)
 - Domotics and Automation
- Solutions for **marketing, booking and management** to be apply in all phases of the hospitality lifecycle:
 - IoT and Big Data applications
 - Web and Mobile App with Advance UX & UI
- **Manufacturing building materials & energy technologies & water technologies**:
 - Water and Energy-Efficient Building Solutions
 - Solar and Energy Storage
 - Water and Waste Water Treatment Systems
 - Biomass Heating Systems
 - Thermal Systems
 - Water Management Tools and Optimization

B2B SESSION

Each person in the room can request a 15-minute appointment for each speaker company. B2B meetings are organized in real time during the Speed Pitching session via Whatsapp instant messaging.

If requests for appointments exceed availability, priority will be given to members of ICT Cluster and Clever Cluster. Any requests in excess may be scheduled in the following days in conference call.

WHO CAN SUPPORT YOU?

The **Torino Wireless Foundation** organizes the event, together with Environment Park, and provides all the support to participants. The Torino Wireless' mission is to support ICT companies in Piedmont (Italy) by fostering innovative approaches, strong regional networks and international cooperation.

Need help? Contact us: info@poloinnovazioneict.org

Torino Wireless is member of the **Enterprise Europe Network**, the world's largest support network for small and medium-sized enterprises (SMEs) with international ambitions. The Enterprise Europe Network is active in more than 60 countries worldwide and helps businesses innovate and grow on an international scale.
